

Five Wiggly Worms

From Pukeko Stomp

Five wiggly worms wriggling on the ground,
Five wiggly worms making no sound,
One wiggly worm went and hid behind the door
Five wiggly worms are now only four.

Four wiggly worms wriggling on the ground,
Four wiggly worms making no sound,
One wiggly worm went on home for his tea,
Four wiggly worms are now only three.

Three wiggly worms wriggling on the ground,
Three wiggly worms making no sound,
One wiggly worm went to bed with the flu,
Three wiggly worms are now only two.

Two wiggly worms wriggling on the ground,
Two wiggly worms making no sound,
One wiggly worm stopped to eat a raspberry bun,
Two wiggly worms are now only one.

One wiggly worm wriggling on the ground,
One wiggly worm making no sound,
One wiggly worm wriggled all the way home
And tucked himself into bed under a stone.
