

I Love Potatoes

From Swing Thing

Peel them, slice them,
Chop them up and dice them,
I love potatoes,
Eat them everyday.
Mashed or roasted,
Cheese on top and toasted,
I love potatoes,
Eat them everyday.

Plant the little tiny ones
With shoots instead of eyes,
Leave them there for half a year
Dig up a big surprise,
Add some bits of parsley
And a daub of sour cream,
Turns your average spud into a
Taste sensation dream.

Peel them, slice them,
Chop them up and dice them,
I love potatoes,
Eat them everyday.
Mashed or roasted,
Cheese on top and toasted,
I love potatoes,
Eat them everyday.

Cauliflower and cabbage
My mum insists are great,
Broccoli and brussel sprouts are
Piled up on my plate,
Silver beet and spinach
To fight off some disease,
But one main thing is missing
Potatoes if you please!

Peel them, slice them ...

(Instrumental)

Peel them, slice them ...

Plant the little tiny ones...

Peel them, slice them ...
