

I Have A Shaker

From Teddy Jumps

I have a shaker, can you see?
I shake my shaker in front of me,
I shake it here,
I shake it there,
I shake my shaker everywhere.

I have a shaker can you see?
I shake my shaker right behind me,
I shake it here,
I shake it there,
I shake my shaker everywhere.

I have a shaker can you see?
I shake my shaker high above me...

I have a shaker can you see?
I shake my shaker quietly...

I have a shaker can you see?
I shake my shaker so loudly...
