

# I Can Paint

*From You've Got To Clap*

I can paint a circle,  
Right in front of me,  
I can paint a circle,  
A little one on my knee.  
I can paint one on the floor,  
A really big one see,  
I can paint one in the sky then  
Paint one somewhere on me.

I can paint a triangle  
Right in front of me,  
I can paint a triangle,  
A little one on my knee,  
I can paint one on the floor,  
A really big one see,  
I can paint one in the sky then  
Paint one somewhere on me.

I can paint the number four  
Right in front of me,  
I can paint the number four,  
A little one on my knee.  
I can paint one on the floor,  
A really big one see,  
I can paint one in the sky then  
Paint one somewhere on me.
