

# **Monsters**

*From You've Got To Clap*

A crazy green monster danced down the lane,  
He found another monster to dance just the same,  
Then two crazy monsters danced down the lane,  
They looked for some others to play their crazy game.

Crazy monsters dancing along,  
Crazy monsters singing a song,  
Craziest monsters you ever did see,  
They're dancing with you and they're dancing with me.

Two crazy monsters danced down the lane,  
They found some other monsters to dance just the same,  
Then four crazy monsters danced down the lane,  
They looked for some others to play their crazy game.

Crazy monsters dancing along...

Four crazy monsters...  
They found some other monsters to dance just the same,  
Then eight crazy monsters danced down the lane,  
They looked for some others to play their crazy game.

Crazy monsters dancing along...

Eight crazy monsters...  
They found some other monsters to dance just the same,  
Then sixteen crazy monsters danced down the lane,  
They looked for some others to play their crazy game.

Crazy monsters dancing along...
